

PRODUCT BULLETIN #3232

Date: January 21, 2022
From: Michael Verguldi, Sr. Product Manager - Medical
Subject: **Notification of End of Life for Millenium RO System**
Effectivity: End of Sales: 11 March 2020
End of Support/Service: 31 March 2025

Mar Cor introduced the Millenium Reverse Osmosis (RO) System in 1999. Since that time, Mar Cor has been dedicated to releasing many new RO devices designed to improve provider productivity and increase the standard of care when treating potable water required for hemodialysis therapies.

Accordingly, Mar Cor is providing notification of our intention to discontinue the Millenium RO models. The following model part numbers are no longer offered for sale:

Model / Part Number	Description
1232429	RO, Millenium,750GPD, PS, GFCI, TFC,115V, 60HZ
1235137	RO, Millenium,750GDP, PS, TFC, 230V, 50HZ
3028136	RO, Millenium,123429 w/High TDS kit

Mar Cor will continue to provide technical support, field service, and spare parts through March 31, 2025. Until that date, Mar Cor will not update, modify, or do any other type of improvements on these devices unless dictated by safety concerns. Mar Cor reserves the right to discontinue product support at any time if manufacturing or product availability has been compromised.

Mar Cor offers a wide variety of alternative water treatment systems using RO technology specifically for the hemodialysis market. Please direct all questions to your local sales representative or to info@mcpur.com.
