

## Supply Chain and Shipping Update

At Mar Cor, we always strive to provide you, our valued Customers, with an experience that exceeds your expectations. The conditions we face in today's global supply chain are unusually challenging, and we are making every effort to keep products and services flowing in a complete and timely manner. We face increased risk that orders may be delayed and/or partially shipped beyond our planning and estimations. Please be advised if there are delays in the processing and/or shipping of your order, we will notify you. Our customer care team (888-595-0665) is also available to help address any questions or concerns. Thank you for your patience and understanding during these unprecedented times and, as always, thank you for your business and support.
