

2022 TRAINING CLASSES

MAR COR

Mar Cor invites you to attend our specialized, yet flexible, hemodialysis water treatment system training program. In-depth courses range from a one-day to a four- or five-day program, depending on the equipment covered. Seating is limited, so visit us at mcpur.com/dialysis/training today to sign-up.

Classes Include:

- Water System Components
- RO Theory & Fundamentals
- Cleaning & Disinfecting Issues
- Bacterial Treatment Concerns
- Hands-on Training
- Servicing a Water Treatment System
