

## PRODUCT BULLETIN #3237

Date: October 14, 2022

From: Michael Verguldi, Sr. Product Manager

Subject: **Notification of End of Life for the ACTRIL® Cold Sterilant Liquid**

Effectivity: End of Sales/Shipment: 31 December 2022  
 End of Support/Service: 31 December 2022

STERIS Life Sciences, the owner of the ACTRIL® Cold Sterilant line of products, has announced its plans to discontinue offering all ACTRIL product lines including Surface Disinfectants, in all sizes, as well as ACTRIL Residual and Indicator strips all of which are used within the hemodialysis clinic setting.

Accordingly, Evoqua Water Technologies is providing notification of our inability to resell this product once the End of Sales/Shipment date has passed. The last day to place an order for ACTRIL products is December 31, 2022. No orders will be processed after that date. This includes the following items sold to the Renal market:

Part No.	Material No.	Description	Part No.	Material No.	Description
W2T886023	78337-000	Actril,4X1 Gal	W3T555728	78258-000	Actril,Strip,Res,100/ct
W3T555729	78270-000	Actril,4X1 Gal, w/strips	W2T886019	78280-000	Actril,Strip,Ind,100/ct
W3T556341	78400-712	Spray cap, white			

After December 31, 2022, any communication or questions regarding ACTRIL will need to be directed to STERIS Life Sciences at 800-444-9009 or at [lifesciences@steris.com](mailto:lifesciences@steris.com). Furthermore, Evoqua will no longer offer guidance or technical support, or any spare parts related to the ACTRIL product line after December 31, 2022. In lieu of this announcement, STERIS Life Sciences is recommending the use of sodium hypochlorite solution as an alternative to the ACTRIL Cold Sterilant line. We understand this may impact your Policies and Procedures and we stand ready to help you during this transition.
