

PRODUCT BULLETIN #3250

Date: August 5, 2024

From: Michael Verguldi, Sr. Product Manager - Medical

Subject: Notification of End of Life for M2 Ergo Cart

Effectivity: End of Sales: 20 June 2024

End of Shipment: 31 October 2024

End of Support/Service: 1 August 2026

Mar Cor® brand of products and services, including our M2 Ergo Cart introduced in 2012 by Mar Cor Purification, Inc, are now part of Evoqua Water Technologies' family of offerings. Since the introduction of the M2 Ergo Cart, we have been dedicated to releasing water transport systems that improve provider productivity and increase the standard of care when treating potable water required for hemodialysis therapies.

Accordingly, this notification communicates our intention to discontinue the M2 Ergo Cart. The following part number will no longer be offered for sale, and we will only fill open orders that were placed on or prior to June 20, 2024. No current/future orders will be accepted:

Part Number	Prior P/N	Description
W3T572421	3027856	CART,M2 ERGO

We will continue to provide technical support, field service, and spare parts through August 1, 2026. After the End of Shipment, we will not update, modify, or do any other type of improvements on these devices unless dictated by safety concerns. We reserve the right to discontinue product support at any time if manufacturing or product availability has been compromised.

Evoqua offers our ROVER® and ROVER ALX water transport systems, compatible with our current RO offerings, as an alternative, specifically for the hemodialysis market. Please direct all questions to your local sales representative or to orderprocessing@evoqua.com.
