

### PRODUCT BULLETIN #3249

Date: July 25, 2024

From: Julie Golofski, Product Manager

Subject: **Discontinuance of FiberFlo® Hollow Fiber Filters with Teflon® Seals**

Effectivity: Immediately

This Product Bulletin is to inform the marketplace that our line of FiberFlo Hollow Fiber Filters supplied with Teflon® seals are no longer available.

Following the announcement of STERIS's sale of Mar Cor Purification to Evoqua Water Technologies in January 2022, and subsequently following Evoqua's sale of hollow fiber contract manufacturing interests to Medica USA Inc. in April 2023, certain heritage Bioscience filters have been made obsolete. This announcement specifically affects hollow fiber filter cartridge assemblies made with a Teflon o-ring.

Please note that Evoqua continues to make assemblies with the traditional silicone o-ring, should this be a suitable substitution for your application. Please reference the table of affected parts below.

Material #	Old Material #	Material Description
W2T925464	279-20-058	FLTR FINAL ASSY 50-103T
